Assemble the perfect small form factor system for all your computing demands with the flexible ZOTAC® H67-ITX WiFi mini-ITX platform. The ZOTAC® H67-ITX WiFi supports socket LGA1155 2nd generation Intel® Core™ family processors with turbocharged Intel® HD Graphics to let users select the perfect amount of processing power for their needs – whether it is dual or quad-core, with or without Intel® HyperThreading™ technology.

Demanding gamers can install a standard PCI Express x16 ZOTAC® graphics card in the H67-ITX WiFi to form a perfect miniature gaming PC that delivers big system power in a miniature form factor. A mix of seven total SATA 6.0 Gb/s, SATA 3.0 Gb/s and eSATA ports with RAID 0, 1, 5 and 10 support on the ZOTAC® H67-ITX WiFi enable users to maximize storage connectivity and complete the ultimate home theatre PC or home file server.

#### Product Name

Product Name ZOTAC H67-ITX WiFi

#### Model

Model H67ITX-C-E

#### Chipset

Manufacturer Intel  
Chipset H67 Express (B3)  
GPU Intel® HD Graphics ready

#### CPU Compatibility

Name 2nd Generation Intel® Core™ i3  
i5 & i7 Intel® HD Graphics 2000/3000 ready  
Socket LGA1155  
Bus N/A

#### Memory

Memory Type DDR3  
Memory Speed 1066/1333 MHz  
Slots 2 x 240-pin DIMM  
Capacity Up to 16GB

#### CPU and Memory Compatibility List

CPU and Memory Compatibility List see above

#### 3D API

DirectX DirectX® 10.1  
OpenGL OpenGL® 2.1

#### Expansion

Slots 1 x PCI Express x16

**Networking**

|          |                       |
|----------|-----------------------|
| Ethernet | 10/100/1000Mbps       |
| WiFi     | 802.11n/g/b (300Mb/s) |

**Audio**

|         |                                 |
|---------|---------------------------------|
| AN/Alog | 8-ch HD                         |
| Digital | Optical S/PDIF and HDMI outputs |

**Ports**

|                |                                                                                                                                                          |
|----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| DVI            | 1 (HDCP)                                                                                                                                                 |
| HDMI           | 1 (1080p w/8-ch audio)                                                                                                                                   |
| Display Port   | 1                                                                                                                                                        |
| VGA            | 1 (w/Adapter)                                                                                                                                            |
| SATA           | 2 (SATA 6.0 Gb/s)<br>4 SATA 3.0 Gb/s (w/RAID 0 / 1 / 0+1 / 5)                                                                                            |
| eSATA          | 1 (SATA 3.0 Gb/s)                                                                                                                                        |
| PATA           | N/A                                                                                                                                                      |
| PS/2           | 1                                                                                                                                                        |
| Serial Port    | N/A                                                                                                                                                      |
| USB Ports      | 8 x USB 2.0 (4 on back panel / 4 via pin header)<br>4 x USB 3.0 (2 on back panel / 2 via pin header)<br>8 USB 2.0 ports (4 on back panel / 4 via header) |
| FireWire Ports | N/A                                                                                                                                                      |

**Cooler**

|        |                  |
|--------|------------------|
| Cooler | Passive (no fan) |
|--------|------------------|

**Form Factor**

|             |          |
|-------------|----------|
| Form Factor | mini-ITX |
|-------------|----------|

**OS Compatibility**

|         |                                  |
|---------|----------------------------------|
| Windows | Windows® Vista / 7 Premium ready |
|---------|----------------------------------|

**General**

|                    |             |
|--------------------|-------------|
| SLI Supported      | No          |
| Maximum Resolution | 2048 x 1536 |

**Other**

|                       |                            |
|-----------------------|----------------------------|
| Wake-On Support       | Wake-on USB<br>Wake-on-LAN |
| Overclocking features | No                         |

**Packaging**

|                  |                                                                                                                                                                                                          |
|------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Package Contents | 4 x SATA cables<br>1 x 4-pin CPU power extension cable<br>1 x DVI-to-VGA adapter<br>1 x I/O back plate<br>2 x WiFi antennas<br>1 x USB 3.0 header (full-size bracket)<br>1 x USB 3.0 low-profile bracket |
| Graphics Output  | 1 DVI / 1 HDMI / 1VGA / 1 DP                                                                                                                                                                             |
